West Side Correspondence.

Mount Jackson, Yolo County, Aug. 15.

Editor Democrat:—Thinking you would like to hear from this remote portion of the great county of Yolo, I sent myself beneath the cool shade of a gigantic oak for the purpose of writing my first lines for a newspaper.

Being a humble farmer, with hands hardened by a hard farm life, and little time to pay my debts and my portion of my very heavy taxes, you must not expect anything very brilliant from one in my position.

Some of your readers may wonder where Mr. Jackson is. It is a lofty peak of the Coast Range lying immediately west of and overlooking Triangle or Gordon Valley, better known as Haggerty Hollow.

From the point where I am writing I have a splendid view of the beautiful Capay Valley as the emerald from the mouth of twenty-mile canyon and strikes out in a bold curve until it reaches Capay Pass at the mouth of the canyon, where Cache Creek rushes out boldly and winds like a silver thread far to the east beneath the cool shades of huge cottonwoods and giant firs and cedars.

It is a happy home of honest and industrious farmers, and past the prosperous town of Cacheville, where live some of the finest mercantile men in the State. Triangle Valley spreads out in bold relief, and from this elevated position resembles a huge checker board with squares of brown Summer fallow and alternate squares of yellow stubble that has yielded its portion of golden grain, and brought joy to the heart of the farmer and the merchant, and which is now on its way to foreign ports to feed the millions of the Old World.

Our valley a few short years ago was an immense plain covered by bands of sheep, tended by their shepherd owners. But to-day it is one huge field of grain and Summer fallow, dotted here and there with numerous cottages of industrious tillers of the soil.

Our population consists of people representing almost every race and climate—the sturdy blue-eyed German, with his industrious wife and little ones; the burly, good natured Englishman; the impetuous sons of the Green Isle; the dusky son and daughter of African descent; and a few followers of Confucius; whilst our own glorious American Union is represented from every State. We have the boys that wore the blue and boys that wore the gray, living neighbors; they have buried the bitter memories of the late war, and have united heart and hand to build up good feeling and a better union; willing to let bygones be bygones.

We are some distance from market—scarcely miles from Woodland, about the same distance from Knight's Landing, and twelve miles from Cacheville. Our soil is good second rate land. I consider that we have the healthiest locality in the State. We have three good schools and good school buildings. We have plenty of good, pure water, and hope by industry to make pleasant homes. Land is selling at from \$10 to \$30 per acre.

This range of mountains has lately been surveyed and contains some fine springs—some of them are sulphur springs—and is covered with fine timber for fuel. It is a fine body of pasture land, owned mostly by sheep men.

From my elevated position here on Mt. Jackson I have a fine view of the political chaos, marshaling their forces for the approaching election. I do not pretend to be posted as to the claims of certain candidates, but it seems to me that Mr. Harlan stands the best chance to be our next Sheriff, and I feel confident that the entire Democratic ticket will be elected, because good men who represent honesty and the rights of the people have been selected for candidates.

THE NARROW GAUGE.—A Benicia telegram of August 6th says: "Notice has been given to holders of Central Narrow Gauge Railroad stock that the first installment of ten per cent. on stock subscribed would be called for by the first of September. Work on the road is going on bravely, a large force of laborers being kept constantly at work grading. No rails are laid yet, although ordered; also, bids are open for contracts on ties. In cutting through the hills, some rich coal beds have been struck, which will prove a source of profit to the owners. The project on the whole looks bright, and there is no doubt that the road will be pushed to a speedy and successful termination."

SAN FRANCISCO DAILY CHRONICLE.—In our supplement this week will be seen the advertisement of the San Francisco Daily Chronicle, occupying a full column, to which we refer our readers. Aside from the "sensational" tendency, and its politics, the Chronicle is a good paper—indeed it is really a "live paper," as it claims to be. It is enterprise in its proprietorship, and in its circulation, and the rapidly increasing circulation of the Chronicle is proof that real business enterprise pays. We shall not be surprised if it soon distances all its San Francisco competitors in point of circulation.

SEVENTH-DAY ADVENTISTS.—Having established an organization in Yolo County with fifty-one members and many others considering the matter, Elder Cornell has taken the trip to St. Helena, a few miles further up the valley, where he is holding forth to large congregations. The State Camp Meeting of this denomination will be held this year at Yountville, Yuba Valley, commencing Wednesday, September 17th, and will continue about a week.

PARALYZED.—The Placer Herald states that its chief editor, Ex-Lt. Gov. Walkup, was on Tuesday night of last week stricken with paralysis extending through the whole of his right side, and has been unable to speak plainly or move himself since. Up to the present he has improved slightly, and it is thought and sincerely hoped he will soon recover.

STRAYED.—A black and tan foxhound, answering to the name of "Sounder," strayed from home about two weeks since. Any one giving information leading to its recovery, or returning the same, will be liberally rewarded by H. U. GOSWAM.

SUTTER NOMINATIONS.—The Democracy of Sutter County have nominated the following gentlemen: For Sheriff, Geo. E. Britton; for Assessor, J. H. Ray; for County Superintendent of Public Schools, Moody U. Clark.

AMADOR'S SENATOR.—The Democracy of Amador County have done themselves honor by again nominating Hon. James T. Farley for Senator. The nomination was unanimous, and we feel sure so good a man and so staunch a Democrat will surely be elected.

DESTRUCTIVE EARTHQUAKE.—The June earthquake in Italy was terribly destructive at Bullano. It killed a large number of people and destroyed millions of dollars worth of property, rendering every earth house in the city uninhabitable.

EASTPORT.—The returns from this State are more strongly Democratic than any other, especially the General Assembly will contain—Senate, 23 Democrats, 6 Radicals; House of Representatives, 51 Democrats, 19 Radicals.

RICE, VINEY.—And now comes the editor of the Yolo Mail and says: "We are sincerely of the friends of the (temperance) cause." Did you not?

ASHAMED OF THEIR RECORD.

Gen. Spinner is waiting anxiously to hear from scores of Congressmen who have caused it to be announced in the local newspapers in their respective districts that they have returned their back pay into the Treasury, when in fact the records fail to show any thing of the kind. No wonder Gen. Spinner is anxiously waiting to hear from them. He knows what the verdict of the people is against those public thieves. To call them by a milder name would be to cover up a wrong against which the righteous indignation of the people is thoroughly aroused.

BEHIND THE TIMES.—The new Board of Yolo Trustees do not stand up to their duties as their constituents demand of them. A petition, numerously signed, was presented to the Board some weeks ago asking action in regard to procuring a free engine. The Board has taken no definite action in the matter, so far as we can learn. Gentlemen, the people who chose you as their servants demand action in this important matter.

SACRAMENTO ASSEMBLYMAN.—Mr. Jacob Levison, one of the Sacramento candidates for Assemblyman on the Democratic ticket, is an old resident of this county and a gentleman who is every way worthy of the position for which he has been nominated. We trust the voters of Sacramento will honor themselves by electing Mr. Levison, and he will do them good service in return.

SETTLE UP.—The business which has been transacted for over three years under the firm name of Gray & Wood having been disposed of to a new firm, all persons indebted to the late firm of Gray & Wood are urged to come forward and settle immediately, as its business must be closed up at once. Mr. Wood will remain at the old stand for a few days.

STRAYED FROM STEVEN'S RANCH, Cache Creek, Friday, August 1st, two roan horses; one is branded with a triangle, the other with a "P" on left shoulder; had on halters. Any one giving information to John D. Stevens, Bank of Woodland, that will lead to their recovery, will be liberally rewarded.

MONEY FOUND.—A little boy found a piece of gold coin the other day near the railroad station, which the owner can have by calling on Mrs. Graham, on Sixth street, proving ownership and paying for this notice.

WOOL.—Australia is said to be the greatest wool growing country in the world. Last year she exported 200,000,000 pounds. The wool clip of California last year was 24,250,000 pounds.

STATE CONVENTION.—A Republican State Convention has been called to meet in Sacramento on the 20th of August, to nominate a Judge or Judges of the Supreme Court.

DEAD.—The Yuba Times, for some years past published in Yuba, and the last two years under the editorial and business management of Mr. Adams, has suspended publication.

GREAT ROBBERY.—The printed Great Register of San Francisco will contain 42,348 names this year against 40,025 last October, an increase of 2,323 names.

NAPA ASSESSMENT.—The total assessed value of property in Napa county this year is \$7,493,965.

FOR THE YEAR BEST PHOTOGRAPHS, go to Bradley & Bullock's Gallery, without stain. \$50.00 in the Elevator—129 Montgomery St., San Francisco.

GREAT HARM AND DISCOMFORT is caused by the use of purgatives which gripe and rack the system. "Purgative Purgative Pills" are free from all impure matter, and are mild and health-giving in their operation.

MEDICAL SCIENCE never gave the world a nobler boon than when one of its men of genius gave us the first installment of ten per cent. on stock subscribed would be called for by the first of September. Work on the road is going on bravely, a large force of laborers being kept constantly at work grading. No rails are laid yet, although ordered; also, bids are open for contracts on ties. In cutting through the hills, some rich coal beds have been struck, which will prove a source of profit to the owners. The project on the whole looks bright, and there is no doubt that the road will be pushed to a speedy and successful termination."

AT THIS season of the year cramps and pains in the stomach are common. Dysentery, diarrhoea, etc., are quite common, and should be checked at once. "Johnsons' Anodyne" is the best remedy for these ailments, and is used in all such cases, and should be kept in every family. Use internally.

PERRY DAVIS' PAIN KILLER, as an internal remedy, has no equal. In cases of cholera, summer complaint, dyspepsia, dysentery, indigestion, rheumatism, it will cure in one night, by taking it internally, and bathing with it freely. It is the best liniment in the world for all such ailments, and is used in all such cases, and should be kept in every family. Use internally.

THE WEAR AND TEAR OF LIFE. The cares, anxieties and misfortunes of the present life are so many and so great, that they are often the cause of physical and mental debility. They are, in fact, the source of many ailments and physical disabilities. Nervous weakness, dyspepsia, affections of the liver, disturbances of the bowels, headache, hypochondria and melancholia are among the most distressing fruits.
